Sam,

Per phonecon here are the tentative locations for mobile ops next week. While the requested times are 1100 – 1900, the Sec State is working to see if we can change the hours. The good news is that each location has a POC for your folks to talk to.

Along this line, I want to start the coordination for the transfer of the EIC unit Friday/Saturday between you and Barbara and Joe.

9 October	10 October	11 October

Joyce,

All of Hays County has 5700 or so non matches, but San Marcos has most of them. If you could find some locations (up to four) where DPS could set up shop for two days on the first and second next week, that would be very helpful. We also need some Volunteer Deputy Registrars to work the same locations in case any of the people needing EICs also need to register.

Sabine County will not participate in the training. I will keep that unit (#98) here and use it for when we set up out there. I have made arrangements to set up in the County Clerk's office from October 21-25th from 9am to 4pm daily. The office is located at 280 Main Street, Hemphill. Contact is Janice McDaniel 409-787-3786.

Judge Watson,

I have attached a copy of the Interlocal Cooperation Contract regarding Election Identification Certificates that we spoke about yesterday. As the County Judge, you will need to be the person who signs this for your county and return it to DPS.

We have tentative training scheduled for Thursday, October 17th in Huntsville. Once I know the firm date, time and place, I will call you.

I hope that Sabine County is able to participate in this project. As I stated yesterday, if your county employees can be trained to process these Election Identification Certificates, it will benefit the residents of your county by having the availability of issuance daily instead of just the few times DPS will be able to be out there. It will also benefit DPS by not having to short a Driver License Office an employee to come to Newton County to man the Election Identification Certificate unit.

Please get back with me as soon as possible so that we can confirm your decision to participate. If you have any questions, please don't hesitate to call.

Thank you,

There are two programs being run by the DPS. The first is a pilot program to provide county employees with the training and equipment to issue Texas Driver Licenses and ID cards. The second is a program that DPS is running at the request of the Secretary of State's office to provide county employees training and equipment to issue Election Identification Certificates. We will remove Trinity county from the list. If you have any further questions please don't hesitate to contact me again

After the initial email regarding this pilot program, I responded because our county does not have a Licensing Department for drivers licenses. The next email stated this was going to be handled by the DPS office along with providing workers to do this task. If this is correct, please remove my name from the pilot program. Trinity County is a small county and in turn I have a small staff to provide service that we already offer. Please clarify if I am perceiving this incorrectly.

Thank you,

Subject: Mobile Election Identification Certificate (EIC) Program

Thank you for your interest in partnering with the Texas Secretary of State and the Texas Department of Public Safety in our Mobile Election Identification Certificate (EIC) program. Attached, please a series of documents that provide information on the program, the upcoming training and EIC operation:

- An Interlocal Cooperation Contract (ICC): While the Department of Public Safety will provide the training without a signed Interlocal Cooperation Contract, we must have a copy of the ICC signed by the County Judge after receiving authorization by the Commissioners Court before we can process a county's EICs.
- A training plan that lists the training locations,
- A document that provides points of contact for each training site.
- This hyperlink will allow you to view and download the EIC training packet: [Click here to view EIC documents](#)

The EIC kits DPS personnel will provide contain all the items required to process EICs immediately, except the printer paper. These kits will be issued the same day as the training.

Sent: Tuesday, September 10, 2013 12:12 PM
To: Henson, Tracy; Burch, Shea
Cc: Toni Pippins-Poole; Rivelino lopez; Robert Heard
Subject: Request for assistance RE Mobile Voter ID Initiative

Ms. Henson,

Thank you for taking my call earlier. Dallas County Elections Department (DCED) is interested in, and proposing exploration in a partnership between DCED and the Texas Department of Public Safety (TDPS), wherein eligible citizens within Dallas County may obtain Voter Identity Certificates at mobile, or non-DPS locations.

Specifically, we are asking DPS to prepare and provide the personnel and equipment to photograph, prepare, print, and present Voter ID Certificates immediately to eligible citizens at locations other than its (TDPS') official (brick & mortar) locations. This would allow citizens the opportunity to obtain the certificate during appropriate public and private events; the State Fair of Texas for example.

DCED is able to provide the events and opportunities for which this capability would be useful. DCED is also able to provide some of the manpower needed to operate these mobile identification stations.

We would like to know the following:

1. Is it possible for TDPS to put together the equipment, materials, process, and procedures for Mobile Identification Stations?
2. If the answer to Question 1 is yes; would TDPS be willing to deploy this capability on its own, and/or in partnership with Dallas County?
3. If the answer to Questions 1 and 2 is yes, how soon could that capability be deployed?
4. Seeing that the need for Voter Certificates was not funded, we are interested in knowing the cost of a project of this nature in hopes that if the ability is there, DCED will try and find funding to deploy this service to the public.
5. Who would be the point of contact within the Texas Department of Public Safety with the authority to discuss and

implement this initiative?

I look forward to your response; thanks again for your assistance.
